IMPORTANT

REPLACEMENT PARTS OR ACCESSORIES MUST BE AS MANUFACTURED OR APPROVED BY NORTON TRIUMPH INTERNATIONAL LIMITED OR NORTON TRIUMPH CORPORATION.

IN THIS RESPECT YOUR ATTENTION IS DRAWN TO THE TERMS AND CONDITIONS OF THE WARRANTY, A COPY OF WHICH CAN BE INSPECTED AT THE PREMISES OF YOUR DEALER OR DISTRIBUTOR.

INTRODUCTION

The information contained in this catalog was complete and correct at the time of printing. Distributors will be informed of any subsequent alterations.

Western U.S.A. Distributor:

Norton Triumph Corporation,
P.O. Box 275,
2765 East Huntington Drive,
Duarte,
California 91010

Telex — Triumph Duar 67-5469
Telephone — 213-359-3221
213-681-0255

Eastern U.S.A. Distributor:

Norton Triumph Corporation,
Towson,
Baltimore,
Maryland.

Telex — 134-527
Telephone — 201-288-9696
212-736-3940

ENGINE AND FRAME NUMBERS

The engine number is located on the left side of the engine, immediately below the cylinder block/crank case flange.

The frame number is located on the side of the frame headlug, forward of the gasoline tank.

The engine and frame number should be quoted in full in any correspondence relating to the machine.

SERVICE TOOLS

A complete range of Service Tools is contained in the Service Tools Catalog. They may be obtained through a Norton/Triumph dealer but, because they are costly and are rarely required, it may be advisable to have the work for which they are required, carried out by the dealer.

SERVICE MANUAL

For owners with sufficient knowledge and facilities for carrying out major overhauls, a Service Manual is available for the Trident. The Manual contains much useful information, in addition to providing detailed instructions on dismantling and rebuilding of all the major assemblies. It is obtainable from Norton/Triumph dealers.

USING THE REPLACEMENT PARTS LIST

LOCATING AND ORDERING THE PARTS

An index is provided on page ii to enable the parts or group of parts to be located.

Select the required component from the illustrations. note its reference number, and from the corresponding column on the opposite page, obtain the part number and correct name of the item.

If proprietary parts are listed under manufacturers part numbers only, they are not available from Norton Triumph International Ltd., but must be obtained direct from the manufacturers. (U.S.A. excepted)

Proprietary components should be ordered through the main distributors, whose addresses are given on page iv (U.S.A. only).

When ordering, quote the part number and the description of the item required. In most cases the illustrations show the assembly order which should assist in identifying the parts. Order items in single units, not "pairs", etc.

Throughout this catalog the components included in an assembled unit are indented and listed directly below in the description column, reverting to the original alignment when the assembly is completed. To order the assembled unit quote the assembly number only. The component parts may be obtained separately if desired.

ENGINE AND FRAME NUMBERS MUST BE QUOTED IN FULL WHEN ORDERING SPARE PARTS AND IN ANY CORRESPONDENCE RELATING TO THE MOTOR-CYCLE.

OBTAINING PARTS

Spare parts can be obtained from an authorised Triumph/Norton dealer only, and we advise owners to order parts through their nearest dealer. If the item is one which may have to be obtained specially, an additional charge for postage and carriage will be incurred.

SPARE PARTS ARE NOT SUPPLIED DIRECTLY TO PRIVATE OWNERS FROM THE FACTORY.

If the part number is quoted when ordering, it is unnecessary to send a pattern of the item. If however, it is necessary to send a pattern, this should bear the sender's name and address together with clear instructions. A copy of the advice should be sent under separate cover, together with a remittance and all parts forwarded carriage paid.

NORTON TRIUMPH CORPORATION AND NORTON TRIUMPH INTERNATIONAL LIMITED, WARN AGAINST THE PURCHASE OF PARTS WHICH ARE NOT MANUFACTURED OR APPROVED BY THEM, BECAUSE THIS WILL INVALIDATE THE WARRANTY.

COLORS

Gas tank	}	Red, Silver, Black — Interstate
		Red, White, Black — Roadster
Side Cover and Oil Tank	}	Black, White — Interpol
		Black — Hi-Rider (Tank Only)

When ordering colored parts, always quote the color required as well as using the part number suffix.

Service Tools - Mark III

The following tools are common to Mark II Models. Further Mark III tools will be available shortly and will be the subject of a separate Tools Catalogue.

This diagram shows an exploded view of a mechanical assembly. The main component is a large, complex housing (25) with a flange (32) and a central opening. A small bolt (31) is shown separately. A series of components, including a flange (29), a ring (28), a washer (27), a spacer (26), a ring (30), and another flange (27), are shown in an exploded state, aligned with the central opening of the housing. A bracket (24) groups these components. Two screws (32) are shown being inserted into the housing (25) to secure the assembly. A small pin or clip (33) is also shown near the housing.
