IMPORTANT

† When incorporating the latest metering system the following three items must be fitted as a set: Throttle Needle 622/124, Needle Jet 622/122 and Jet Holder 622/128.

It is permissible to fit the latest Jet Holder 622/128 with the original Throttle Needle and Needle Jet, but not possible to fit the new Needle and Needle Jet with the original Jet Holder, obviously the Needle and Needle Jet must be paired.

* WHEN ORDERING SPARES PLEASE QUOTE COMPLETE CARBURETTER NUMBER FOUND ON RAISED BOSS POSITIONED ON CARBURETTER BODY AT AIR INTAKE END.
